07/24/2026		Mercedes-Benz USA LLC		Manufacturer Safety recall issued - NHTSA #26V481 - Recall #2026070007 26P2195524 - Status: Remedy Not Yet Available Click here or call 1-800-367-6372 to locate an authorized Mercedes-Benz dealer near you to obtain more information about this recall  Learn more about this recall
Description: Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has determined that on certain MY20-21 CLA (118 platform), MY19-22 A-Class (177 platform), MY22-23 C-Class (206 platform), MY24 CLE (236 platform), MY20-26 GLA/GLB (247 platform), and MY23-24 GLC (254 platform) vehicles, the housing material for the door-lock microswitch might be more susceptible to moisture permeation. Over time, this might lead to corrosion on the microswitch and subsequently to the failure of the component. Upon such a failure, the microswitch might not detect when the door is opened. The microswitch failure does not affect the operation of the door lock itself. Should the microswitch fail on the driver door, the electronic parking brake and/or the "Auto-Park" feature connected to the driver door opening might not engage automatically. As a result, the vehicle might not be secured against rollaway and the vehicle might move, increasing the risk of a crash. An authorized Mercedes-Benz dealer will replace the driver door lock on the affected vehicles. Over time, this might lead to corrosion on the microswitch and subsequently to the failure of the component. Upon such a failure, the microswitch might not detect when the door is opened. The microswitch failure does not affect the operation of the door lock itself. Should the microswitch fail on the driver door, the electronic parking brake and/or the "Auto-Park" feature connected to the driver door opening might not engage automatically. As a result, the vehicle might not be secured against rollaway and the vehicle might move, increasing the risk of a crash. Remedy: An authorized Mercedes-Benz dealer will replace the driver door lock on the affected vehicles.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles

manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
