01/08/2024		Utah Motor Vehicle Dept. Salt Lake City, UT Title #UT010108486	Title issued or updated - Duplicate title issued - Vehicle color noted as Red
09/10/2024		General Motors	Manufacturer Customer Satisfaction Program issued - Program #N242435631 SERIAL DATA GATEWAY MODULE - Status: Remedy Available Locate an authorized General Motors dealer to obtain more information about this campaign. ➡ Learn more about this campaign
Description: Certain model years and vehicle makes noted in the table above may have a condition where the battery is at risk for a drain following an over-the-air update. Remedy: Dealers are to reprogram the serial data gateway module.			
09/12/2024		General Motors	Manufacturer Non-Compliance recall issued - NHTSA #24V674 - Transport Canada# 24519 - Recall #N242447990 FAILED BRAKE FLUID LEAK DETECTION - Status: Remedy Available Locate an authorized General Motors dealer to obtain more information about this recall. ➡ Learn more about this recall
Description: General Motors has decided that certain 2023 model year Chevrolet Silverado 1500 and GMC Sierra 1500 vehicles and 2023-2024 model year Chevrolet Tahoe, Chevrolet Suburban, GMC Yukon, GMC Yukon XL, Cadillac Escalade, and Cadillac Escalade ESV vehicles fail to conform to S5.5.1(a)(1) of Federal/Canada Motor Vehicle Safety Standard (F/CMVSS) No. 135 "Light Vehicle Brake Systems." A driver may not receive an indicator of a loss of brake fluid before the level is below F/CMVSS 135's requirement. In the event of a brake fluid leak, the vehicle's brake pedal performance may degrade before the BRAKE telltale timely illuminates in accordance with F/CMVSS 135, increasing the risk of a crash. In the event of a brake fluid leak, affected vehicles still meet F/CMVSS 135's stopping-distance requirements. Remedy: General Motors will update the software in the vehicles' Electronic Brake Control Module (eBCM) to correct the condition. For vehicles that are capable of receiving over-the-air (OTA) updates, owners who have accepted applicable terms and conditions will have the opportunity to accept these software changes using OTA technology without having to bring their vehicle to a dealership. Alternatively, owners may schedule to have the updates performed at a GM dealer.			
09/19/2024		Utah Motor Vehicle Dept. Salt Lake City, UT Title #UT010108486	Registration issued or renewed - Duplicate title issued - Passed safety inspection - Vehicle color noted as Red

Glossary

Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 9/10/26 at 6:26:43 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.

Service Campaign

Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
