11/18/2021		Toyota Motor Sales, USA, Inc.	Manufacturer Service Campaign issued - Campaign #21TG01 CONSUMER ADVISORY 21TG01, CERTAIN 2013-2018 MODEL YEAR RAV4, 12-VOLT BATTERY SIZE AND INSTALLATION INSPECTION - Status: Remedy Available Locate an authorized Toyota dealer near you to schedule an appointment ⊖ Learn more about this campaign

Description: During a recent investigation of reported battery fires in 2013-2018 RAV4 vehicles with gasoline engines (excluding hybrid models), Toyota discovered that many non-Toyota retailers and others who sell or install replacement batteries were recommending a small size battery for replacement. Toyota specifies a particular size replacement battery for the RAV4 that does not include this small size. The smaller battery may not fit securely with the RAV4's battery mounting parts, and, in some cases, can move around when the vehicle is driven, causing a short circuit. If the owner prefers, the dealer can apply the label during this inspection for them FREE OF CHARGE.

Remedy: Any authorized Toyota dealer will perform one inspection of the battery to confirm if it is the correct size FREE OF CHARGE. If certain components used to secure the battery in place are damaged or missing during this inspection, they will be replaced FREE OF CHARGE as long as the correct size battery is installed. We are also enclosing a label and placement instructions along with the owner communication. The label will include battery replacement information that will assist service providers who may replace the battery in the future. If the owner prefers, the dealer can apply the label during this inspection for them FREE OF CHARGE.

11/01/2023

Toyota Motor Sales, USA, Inc.

- Manufacturer Safety recall issued**
- NHTSA #23V734
 - Recall #23TB13 SAFETY RECALL 23TA13 (INTERIM NOTICE 23TB13) - CERTAIN MODEL YEAR 2013- 2018 RAV4- POTENTIAL VEHICLE FIRE RELATED TO 12-VOLT BATTERY
 - Status: Remedy Not Yet Available

 **Learn more about this recall**

Description: Some replacement 12-volt batteries of the size specified for the subject vehicles have smaller top dimensions than others. If a small-top battery is used for replacement and the hold-down clamp is not tightened correctly, the battery could move when the vehicle is driven with forceful turns.

The movement could cause the positive battery terminal to contact the hold-down clamp and short circuit, increasing the risk of a fire.

Remedy: Toyota is currently preparing the remedy. When the remedy is available, Toyota dealers will replace the battery hold down clamp, battery tray, and positive terminal cover with improved ones FREE OF CHARGE. At this time, Toyota estimates the remedy will be available in the end of 2024 but this is subject to change. Until the remedy is available, owners who have not had the free inspection performed under Consumer Advisory 21TG01 should be encouraged to do so.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Service Campaign

Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Toyota Recall / Service Campaign

Portions of this report have been included under license from Toyota Motor North America, Inc. ("TOYOTA"), License Agreement TMS1013. This data applies only to vehicle marketed or originally sold in Mexico and the United States of America, including Guam, Saipan, American Samoa, Puerto Rico, the U.S. Virgin Islands and the other United States territories and protectorates with currently open safety or emissions recalls, or service campaigns. While TOYOTA provides data to Carfax Inc. on a regular basis, this report may not include very recent activity. For the manufacturer's most current information on recall/campaign activity for any Toyota, Lexus or Scion brand vehicle, you must go to <http://toyota.com/recall> or <http://lexus.com/recall>.
