Nissan North America Inc.

Manufacturer Safety recall issued

- NHTSA #21V-020
- Recall #PC786 PTHFR STP LMP SWTH NTB21-003
- Status: Remedy Available

Locate an authorized Nissan dealer near you to obtain more information about this recall

 **Learn more about this recall**

Description: Due to the location of the stop lamp switch on the brake pedal, a chattering condition may occur in the stop lamp relay. Under certain driving conditions, such as frequent stop-and go driving with repeated brake pedal input, the chattering can degrade the relay contact service life.

Over time, this may lead to the stop lamp relay sticking in the ON position. As a result, customers may experience one or more of the following symptoms lack of power, continuous stop lamp illumination, ability to shift the vehicle out of park without depressing the brake pedal, engine starting without depressing the brake pedal These symptoms could potentially increase the risk of a crash or rollaway.

Remedy: Dealers will inspect the stop lamp switch position and set the gap to required specification. For early model year 2013 affected vehicles (prior to November 9, 2012), dealers will inspect the stop lamp switch position, set gap to required specification, and replace the stop lamp relay with a new one. For late model year 2013 to 2015 vehicles (produced after November 9, 2012, dealers will swap the stop lamp switch on the brake pedal with the Automatic Speed Control Device (ASCD) switch location on the brake pedal and then replace the stop lamp relay with a new one. This free service should take up to one (1) hour to complete but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

🔗 **Learn more about this recall**

Description: ON CERTAIN 2013-2016 PATHFINDER VEHICLES, DUST OR DIRT CONTAMINATION MAY ACCUMULATE ON AND AROUND THE SECONDARY LATCH LEVER PIVOT JOINT. OVER TIME, THE BUILD-UP OF CONTAMINATION, COMBINED WITH A LACK OF PROPER INSPECTION AND MAINTENANCE OF THE SECONDARY LATCH (AS DESCRIBED IN THE OWNER'S MANUAL), CAN CREATE MECHANICAL BINDING THAT COULD CAUSE THE LEVER TO REMAIN IN THE OPEN POSITION AFTER IT HAS BEEN DISENGAGED. IN ADDITION, THIS CONTAMINATION CAN SCRATCH THE SECONDARY LATCH'S PROTECTIVE ANTI-CORROSION COATING, ALLOWING CORROSION OF THE BARE METAL IN THE PIVOT JOINT.

THE SECONDARY LATCH LEVER ACTUATES THE SECONDARY LATCH. IN SUCH CASES WHERE THE SECONDARY LATCH REMAINS IN THE OPEN POSITION, IF THE PRIMARY HOOD LATCH IS INADVERTENTLY RELEASED OR THE HOOD IS NOT CLOSED PROPERLY AFTER ENGINE SERVICE, THE SECONDARY LATCH MAY NOT HOLD THE HOOD CLOSED, AS DESIGNED, WHILE THE VEHICLE IS IN MOTION. IF THIS CONDITION OCCURS, THE HOOD MAY OPEN WITHOUT WARNING AND OBSTRUCT THE DRIVER'S FORWARD VIEW, INCREASING THE RISK OF CRASH.

Remedy: THE FINAL REPAIR AND PARTS ARE NOW AVAILABLE. YOUR NISSAN DEALER WILL REPLACE THE SECONDARY HOOD LATCH ON YOUR VEHICLE WITH UPDATED PARTS. UNTIL THE FINAL REPAIR IS COMPLETED, NISSAN ADVISES TO PRESS FIRMLY ON THE FRONT CENTER OF THE HOOD TO ENSURE IT IS FULLY CLOSED AND LATCHED WITH THE PRIMARY HOOD LATCH BEFORE DRIVING. THIS SERVICE, WHICH IS CONDUCTED AT NO CHARGE TO YOU FOR PARTS AND LABOR, COULD TAKE

UP TO ONE (1.0) HOUR TO COMPLETE. HOWEVER, YOUR NISSAN DEALER MAY REQUIRE YOUR VEHICLE FOR A LONGER PERIOD OF TIME BASED UPON THEIR WORK SCHEDULE.

Glossary

Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 7/14/26 at 2:27:37 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
